

## FIRESPITTER EXTENDED

Ever played around with the WWI firespitter parts and got frustrated with how hard it is to make a replica with them? They look like the perfect parts, but there's just not enough variety to make that one Central powers fighter look different from the rest, and you don't really want to resort to stock parts. Well, look no further! This pack was made for you!

They look like the perfect parts, but there's just not enough variety to make that one Central powers fighter look different from the rest, and you don't really want to resort to stock pieces as they look too modern. Well, look no further! This pack was made for you!
